WORK EXPERIENCE

Frontend Developer
Covie

01/2022 - 01/2023   Remote

Achievements/Tasks

- Build and maintain new features on both internal tools and client-facing.
- Implement Storybook to be able to quickly visualize components and interactions between components.
- Work closely with server side team members to connect a dashboard for clients with the API.
- Implement end-to-end tests on product features across all core products.
- Contributed to custom authentication system, full dashboard revamp, and helped rebrand all company code spaces.

Contact : Ian - ian@covie.io

Building Engineer IV
Renaissance Hotel and Convention Center

07/2017 - 01/2022   Chicago, IL

Achievements/Tasks

- Become lead member of my team within a year.
- Mentored team members to complete difficult tasks.
- Helped keep budget down by completing 95% of tasks in house.
- Delegated tasks to team members with the ability to complete and oversaw the execution of the work.

Contact : Tom - tom.klein@marriott.com
